

Feedback from Prison sessions:

What else would help? “to contact the grandparents and speak to them about drugs & how I never meant to hurt them. They are looking after my son & will not give him back until I drug free. I’ve been drug free 1half yrs.”

What else would help? “Being in an environment where all parties feel comfortable enough to talk to each other. Sometimes having someone to mediate is good.”

Anything else to say?

“I Appreciate & have a better understanding of what families have to go through. I’ve learnt how to deal with it better & be more honest to my mom.”

Any other comments?

“Excellent, hard hitting & very useful. Thank you very much. It shows drugs use from an angle that I didn’t have much idea of.”

Anything else to say?

“With me personally knowing both the teachers son & daughter. It hit me so much harder, cause it did open a can of worms I just wasn’t ready I guess but I’m now glad and thankful and yes I think my whole way of understanding how much I did hurt my own family is better now, so that I can make things right.”

Anything else to say

“I am so grateful to have exsperence today and hope to go away with change in self and for orther’s.”

Anything else to say

“It made me come to terms with how now how people and family was feeling when I was on drugs. Now I think it time to make a fresh start.”

Anything else to say

“Brilliant morning”

“Thank you”

Professional Evaluation Sheet

Is there any follow up required?

“Only the applications that the group members put in to request Hetty’s to contact family members.”

Was there anything that you felt uncomfortable with?

“No-Pam & Kath were very aware of sensitive issues and communicated this. They both reassured the group members many times during the session. They managed to discuss and deliver some hard hitting facts in a warm, empathic and non judgemental manner which was well received by the group and appreciated
